2024

Message from the Chair

DEAR SHAREHOLDER

Enclosed is the notice of Challenger Limited's (Challenger) Annual General Meeting (AGM), which will be held in Sydney on Thursday, 24 October 2024.

2024 has seen further progress in the development of a retirement income system that has the potential to deliver significant social and economic benefits on par with Australia's accumulation savings system.

As the retirement income market develops, Challenger has a significant opportunity to leverage our purpose, capabilities and expertise to provide financial security to even more Australians as they save for, enter and enjoy retirement.

This past year has been very successful for Challenger. The business delivered a strong performance as we continued to execute our strategy and orientate the business around the customer – making it easier to do business with us, broadening our reach and meeting more customer needs.

Challenger is a strong, well-capitalised business, with a clear path to driving long-term sustainable growth and shareholder returns, while delivering superior outcomes for customers.

Under Challenger's independence policy, an Independent Director is independent of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of the Director's judgement. Explanatory Notes

ITEM 3: REMUNERATION REPORT

Challenger's Remuneration Report is set out on pages 66 to 90 inclusive of the 2024 Annual Report, which is available at:

 challenger.com.au/annualreport2024

The Remuneration Report sets out Challenger's remuneration policy and frameworks together with the reward outcomes for the year ending 30 June 2024 for KMP, comprising Executive Directors, Non-Executive Directors and specified Challenger executives.

In accordance with the Corporations Act, the vote on the adoption of the Remuneration Report is advisory only and does not bind the Directors or the Company. However, the Board considers the vote and discussion at the AGM in setting remuneration policy and making reward decisions for future years.

A reasonable opportunity will be provided at the meeting to discuss and raise questions in relation to the Remuneration Report.

RECOMMENDATION

The Board unanimously recommends that shareholders vote in favour of the adoption of the Remuneration Report.

ITEM 4: GRANT OF LONG-TERM HURDLED PERFORMANCE SHARE RIGHTS TO THE CHIEF EXECUTIVE OFFICER

It is proposed that Mr Nicolas Hamilton, the Managing Director and CEO of Challenger, be awarded a long-term incentive in the form of Hurdled Performance Share Rights (HPSRs) under the Challenger Performance Plan (CPP). Each HPSR is a conditional right to receive one ordinary fully paid share in Challenger at no cost subject to meeting applicable employment and performance conditions.

ASX Listing Rule 10.14.1 requires a listed company to obtain shareholder approval before issuing equity securities (which would include the HPSRs) to a director under an employee incentive scheme. ASX Listing Rule 10.14 does not apply to securities purchased on-market by or on behalf of a director under an employee share scheme where the terms of the scheme require the securities to be sourced on-market.

While it is currently intended that shares granted on vesting will be acquired on-market, shareholder approval is being sought to preserve flexibility should, for example, the need arise to issue shares rather than allocate Mr Hamilton existing shares. If new shares are issued in order satisfy the HPSRs (if they vest), that issue will fall within ASX Listing Rule 10.14 because Mr Hamilton is a director of Challenger, and therefore approval under ASX Listing Rule 10.14 will be required.

If Item 4 is passed, Challenger will proceed with the grant of HPSRs outlined in this Notice of Meeting. If Item 4 is not passed, the Board will consider alternative arrangements to appropriately remunerate and incentivise Mr Hamilton, which may include amending the terms of and/or the quantum of the award.

Mr Hamilton's current total annual remuneration package comprises the following elements:

- total fixed remuneration (TFR) of \$1,125,000 per annum (inclusive of statutory superannuation contributions and any salary sacrifice items), reviewable annually;
- a short-term incentive target of 133.3% of TFR (maximum 200% of TFR), which if earned, based on Challenger's current Remuneration Policy, is payable 50% in cash and 50% in deferred shares; and
- a long-term incentive in the form of HPSRs with a face value of 225% of TFR.

Challenger grants the long-term incentive in the form of HPSRs to ensure a significant proportion of Mr Hamilton's total reward is 'at risk' and directly linked to shareholder outcomes.

HURDLED PERFORMANCE SHARE RIGHTS

Mr Hamilton is eligible for a long-term incentive award each year. Currently, the face value of this award is set at 225% of TFR and is awarded wholly in HPSRs. The Board proposes to grant 394,275 HPSRs to Mr Hamilton.

The number of HPSRs has been calculated by dividing 225% of TFR (being \$2,531,250) by the 5-day volume weighted average price (VWAP) of Challenger shares traded over the five trading days from 2 September 2024 to 6 September 2024 (being \$6.42). This is the same allocation price used for other KMP.

Vesting of the HPSRs will only occur if each of the following conditions are satisfied over the applicable performance period:

- for 75% of the HPSRs granted to vest, Challenger satisfies an absolute total shareholder return (TSR) performance target (the TSR Tranche), described further below;
- for 25% of the HPSRs granted to vest, the Board determining that Challenger has met or exceeded a range of key metrics relating to the culture of the Group (Culture Performance Condition), described further below (the CPC Tranche); and
- for any of the HPSRs granted to vest, Mr Hamilton must not cease to be a permanent employee of the Group prior to the relevant HPSR vesting date. See 'Cessation of employment' below for further information.

The significant weighting to the long-term incentive in Mr Hamilton's reward mix and the use of both absolute TSR and Culture as metrics support a continued focus by Mr Hamilton on long-term performance outcomes and ensures a direct link between Mr Hamilton's realised reward and long-term shareholder outcomes. The adoption of the Culture Performance Condition in respect of the CPC Tranche is designed to assess how effectively Challenger's leadership protects and strengthens Challenger's culture over the performance period and to align with APRA's requirement in Prudential Standard CPS 511 Remuneration (CPS 511) that variable remuneration must give material weight to non-financial measures.

Explanatory Notes

TSR TRANCHE

HPSRs granted in the TSR Tranche will vest in accordance with the vesting schedule outlined below.

CHALLENGER'S COMPOUND

Annual growth in absolute TSR over the applicable TSR performance period	Percentage of TSR HPSRs that satisfy the performance condition
Below 7% per annum	0%
7% per annum	50%
Above 7% but less than 10% per annum	A percentage between 50% and 99.9%, as determined on a straight-line basis
10% or above per annum	100%

TSR performance is calculated using a 90-day VWAP of Challenger shares leading up to the relevant performance period start or end date. This reduces the potential for short-term price volatility to impact vesting outcomes.

The initial period for performance testing and vesting for the HPSRs in the TSR Tranche is four years. Where the absolute TSR performance targets are not satisfied at the end of four years, a higher cumulative test is applied at the end of year five, requiring TSRs above the annual thresholds to be compounded over five years. As a higher hurdle applies in year five, Challenger's approach differs from traditional "retests" and reflects the Company's commitment to driving focus on long-term performance and strong risk management.

Any HPSRs in the TSR Tranche that do not vest at five years following the performance period start date will lapse. The TSR performance period start and end dates applicable to Mr Hamilton's proposed grant of HPSRs are the same as those applicable to other KMP.

CPC TRANCHE

The Culture Performance Condition that applies to the HPSRs in the CPC Tranche focuses on how effectively Challenger's leadership protects and strengthens Challenger's culture over a four-year performance period.

There are a total of 11 key metrics outlined in a scorecard focused on measuring improvements or declines in Challenger's culture that will be used by the Board to assess progress against the Culture Performance Condition. These metrics are:

- the results of Challenger's Risk Culture Survey (Risk Culture Survey);
- the results of Challenger's Engagement Survey (Engagement Survey); and
- responses to a fixed set of nine specific culture-related questions included in the Engagement Survey (Culture Questions).

The Board will determine whether (and to what extent) the Culture Performance Condition has been achieved or exceeded

in respect of the four-year performance period ending 30 June 2028 based on its assessment of satisfaction and/or progress against a scorecard which sets target and stretch ranges for measuring improvements in Challenger's culture (CPC Scorecard). The target and stretch ranges have been set based on internal and external benchmarks.

The number of HPSRs in the CPC Tranche that satisfy the Culture Performance Condition and subsequently vest will be determined by the Board having regard to the target and stretch ranges set out in the CPC Scorecard and will be based on the following vesting scale:

Performance against CPC Scorecard	Percentage of HPSRs granted in the CPC Tranche that vest
Target Performance not achieved	0%
Target Performance range achieved	Board assessment to determine vesting between 50% and 99.9%
Stretch Performance achieved	100%

For the Target Performance to be met, the Target range in the CPC Scorecard must be met for:

- the Risk Culture Survey; and/or
- the Engagement Survey; and
- at least five of the nine Culture Questions.

If the Target ranges are met, the Board will determine the number of Culture HPSRs that vest, ranging between 50% and 99.9% of the Culture HPSRs, depending on the level by which the Target ranges have been met or exceeded and having regard to the performance outcomes, taking into consideration operational measures and other relevant information presented to the Board by Challenger's management which may have impacted the results.

For 100% of the Culture HPSRs to vest, Target Performance must be met, plus the stretch ranges listed in the CPC Scorecard must be met, for:

- either or both the Risk Culture Survey and the Engagement Survey; and
- at least five of the nine Culture Questions.

POST-VESTING RESTRICTIONS

CPS 511 requires that at least 60% of a CEO's total variable reward is deferred for a period of at least six years from the date of grant, with pro-rata vesting permissible after four years. To meet this requirement, a disposal restriction of one or two additional years post-vesting will be applied to the HPSRs granted this year to Mr Hamilton. For any HPSRs that will vest after four years, an additional two-year disposal restriction will be applied to the vested HPSRs, with restrictions lifted on a pro-rata basis after the fifth and sixth years. For any HPSRs that will vest after five years, an additional one-year disposal restriction will be applied on a pro-rata basis to the vested HPSRs, and lifted after the sixth year.

Explanatory Notes

CESSATION OF EMPLOYMENT

The subsection titled 'Nicolas Hamilton – Managing Director & CEO' set out on page 86 of the 2024 Annual Report sets out the notice periods and payments which apply to Mr Hamilton upon termination.

In summary, if Mr Hamilton ceases employment as a 'good leaver' before the HPSRs vest, a pro-rata portion of the unvested HPSRs will remain on foot and the vesting conditions will be tested in the ordinary course subject to the terms of the offer and the rules of the CPP (unless the Board determines otherwise). Good leaver treatment applies if employment ends in any circumstances other than as a 'bad leaver'. 'Bad leaver' circumstances are if Mr Hamilton's employment is terminated by Challenger for poor performance, misconduct or resignation without the prior approval of the Board. In the case of cessation of employment as a 'bad leaver', any unvested rights will lapse, unless the Board determines otherwise.

CHANGE OF CONTROL

In the event of a change of control of Challenger (in summary, where a person either acquires a relevant interest in more than 50% of Challenger's issued shares or disposes of shares so that its relevant interest falls below 50% of Challenger's issued shares), then the Board may in its sole discretion determine the way in which Mr Hamilton's HPSRs will be dealt with, provided that this does not adversely affect Mr Hamilton's accrued rights under the CPP.

MALUS AND CLAWBACK

Challenger acknowledges that risk and conduct issues can take several years to become known to the Board. Therefore, the Board has the ability to adjust unvested equity (including to zero) and apply clawback for up to two years post-vesting or after an award or payment has been made to Mr Hamilton in a range of circumstances, including to protect financial soundness or respond to unexpected or unintended consequences that are material and unforeseen by the Board (such as material risk management breaches, unexpected financial losses, reputational damage or regulatory non-compliance). This is consistent with the requirements of CPS 511.

The Challenger Board will retain absolute discretion to adjust final vesting outcomes in respect of the HPSRs granted to mitigate any adverse outcomes and to ensure alignment with experience of its shareholders.

MATERIAL TERMS OF HPSRS

In addition to the terms described in this explanatory note for Item 4, the following terms apply to the HPSRs until the HPSRs vest and convert into ordinary securities:

- the HPSRs are not transferrable;
- the HPSRs do not confer any right to vote;
- the HPSRs do not confer any entitlement to a dividend;
- the HPSRs do not confer any right to participate in the surplus profit or assets of Challenger on winding up; and
- the HPSRs do not confer any right to participate in new issues of securities such as bonus issues or entitlement issues.

MATERIAL TERMS OF THE CPP

In addition to the terms described in this explanatory note for Item 4, the following terms apply to the CPP:

- the CPP is an employee share scheme for Challenger and its subsidiaries (the Group);
- the purpose of the CPP is to reward, motivate and retain eligible executives and employees of the Group (Participants) while aligning with the interests of shareholders;
- Challenger may offer various types of awards under the CPP, including HPSRs. Challenger's Board of Directors has discretion to approve and vary the terms of offers of awards to participants under the CPP (including manner, form, content and timing). The Challenger Board of Directors also has a discretion to amend the terms of the CPP;
- the CPP provides that when HPSRs vest, the holder of those rights becomes entitled to receive one fully paid ordinary Challenger share for each vested HPSR; and
- the CPP also includes the provisions relating to vesting and lapsing of HPSRs, change of control, malus and clawback, as summarised in this explanatory note.

ADDITIONAL INFORMATION

The following additional information is relevant to the proposed grant of securities:

- There is no cost payable by Mr Hamilton, and no loan made by Challenger to Mr Hamilton, in relation to the grant of the HPSRs or the allocation of shares on vesting of the HPSRs.
- Mr Hamilton is the only Director of Challenger (or associate of a Director) entitled to participate in the CPP.
- The HPSRs that are the subject of this approval will be granted to Mr Hamilton following the AGM and no later than 12 months from the AGM.

Additional information for shareholders

ELIGIBILITY TO ATTEND AND VOTE

In accordance with the *Corporations Regulations 2001* (Cth), the Challenger Board has determined that, for the purposes of the meeting, those shareholders registered as holding shares at 7.00pm (Sydney time) on Tuesday, 22 October 2024 will be entitled to attend and vote at the meeting. Share transfers registered after that time will be disregarded in determining a shareholder's entitlement to attend and vote at the meeting.

PROXY APPOINTMENT AND MEETING PARTICIPATION

A shareholder that is entitled to attend and vote at a meeting of shareholders may appoint a proxy to attend and vote for that shareholder at the meeting. A proxy need not be a shareholder of Challenger and can be either an individual or a body corporate. Appointed proxies will need to contact Computershare Investor Services to obtain a username and password to vote online.

Even if you plan to participate in the meeting either online or in person, we encourage you to submit a directed proxy vote so that your vote will be counted if for any reason you cannot vote on the day of the meeting. Appointing a proxy does not mean you cannot attend the meeting. However, under the Challenger Constitution, if you appoint a proxy but still attend the AGM and vote on any resolution, the proxy is not entitled to vote.

If a shareholder is entitled to cast two or more votes at the meeting, they may appoint two proxies and may specify the proportion of voting rights each proxy may exercise on a poll.

If no proportions are specified, each proxy may exercise half the available votes (disregarding fractions) on a poll. If a shareholder appoints two proxies, neither is entitled to vote on a show of hands if more than one proxy attends the meeting.

You may direct your proxy to vote for a resolution, against a resolution or abstain from voting on a resolution. Any abstained votes will not be counted in computing the required majority on a poll. In the absence of such a direction, the proxy is authorised to vote or abstain from voting on any resolution at their discretion, subject to applicable voting restrictions.

For an appointment of a proxy to be effective for the meeting, Challenger must receive the proxy appointment by no later than 9.30am (Sydney time) on Tuesday, 22 October 2024.

If a proxy form is signed under a power of attorney on behalf of a shareholder, then Challenger must receive the original power of attorney or a certified copy of it by the same time.

You may lodge your proxy appointment with Computershare Investor Services by doing one of the following:

- lodging it online at Computershare's website

 www.investorvote.com.au

as instructed on the website (you will have been taken to have signed your proxy form if you have lodged it in accordance with the instructions given on the website);

- posting it by using the reply paid envelope, enclosed with this Notice of Meeting, to: Computershare Investor Services Pty Limited, GPO Box 242 Melbourne VIC 3001; or
- custodian voting – for Intermediary Online subscribers only (custodians), by visiting

 www.investorvote.com.au

to submit your voting intentions.

PROXY PARTICIPATION IN PERSON AT THE AGM

If you are attending the meeting in person, you should present a personalised proxy form as your entitlement to attend and vote. The barcode at the top of the proxy form will facilitate registration.

If you do not bring the proxy form with you, you will still be able to attend and vote, but representatives from Computershare must be able to verify your identity at registration. If you are a proxy holder, you will not be allowed entry unless your proxy authority has been verified by Computershare or you produce the original signed proxy form. Registration will open at 8.30am (Sydney time) on the day of the meeting.

PROXY PARTICIPATION IN THE AGM ONLINE

To participate in the AGM online, appointed proxies will need a unique username and password.

To receive their unique username and password, proxies will need to contact Computershare Investor Services on +61 3 9415 4024 during the online registration period, which will open at 8.30am (Sydney time), one hour before the start of the meeting.

Appointed proxies can also submit a written or verbal question via the online platform during the AGM using their username and password.

CHAIR'S DEEMED APPOINTMENT AS PROXY

There are some circumstances where the Chair of the meeting will be taken to have been appointed as a shareholder's proxy for the purposes of voting on a particular resolution even if the shareholder has appointed a different person as their proxy. This will be the case where your named proxy does not attend the meeting, or you direct your proxy how to vote and they attend the meeting but do not vote on a poll for an item.

UNDIRECTED PROXIES

Challenger encourages you to consider directing your proxy how to vote by marking the appropriate box on the proxy form for each of the proposed resolutions.

If you appoint the Chair of the meeting as your proxy, or the Chair of the meeting becomes your proxy by default and you do not direct your proxy how to vote on any resolution, then by completing and submitting the proxy form, you will be expressly authorising the Chair of the meeting to exercise your proxy as they decide, including on Items 3 and 4, even though those resolutions are connected with the remuneration of a member of the KMP. The Chair of the meeting intends to vote all undirected proxies in favour of all resolutions on the agenda for the meeting.

CORPORATE SHAREHOLDERS AND PROXIES

Corporate shareholders or proxies wishing to appoint a representative to attend and vote at the meeting on their behalf must provide that person with:

- an appropriately executed letter or certificate authorising the person to act as the company's representative in accordance with Challenger's Constitution; or
- a copy of the resolution appointing the representative, certified by a company secretary or director of the company.

A representative may be authorised for a single meeting or all meetings of Challenger, and an authorisation for more than one meeting must be stated on the authorising instrument. The representative must ensure that the Company has received evidence of their appointment, including any authority under which it has been signed, in advance of the meeting, unless it has previously been given to the Company.

Additional information for shareholders

QUESTIONS AND COMMENTS BY SHAREHOLDERS

The AGM is an important opportunity for shareholders to interact with the Directors and provides an opportunity to hear from the Chair and the CEO, consider and vote on resolutions and ask questions of the Board and auditor.

A reasonable opportunity will be given to shareholders as a whole to ask questions or make comments about Challenger's management, the Reports, including the Remuneration Report, and other agenda items at the meeting. The Chair of the meeting will seek to address as many as possible of the more frequently raised topics received in advance of the meeting during the course of the meeting; however, there may not be sufficient time available at the AGM to address all topics raised.

Similarly, a reasonable opportunity will be given to shareholders as a whole to ask Challenger's auditor, Ernst & Young, questions about:

- the conduct of the audit;
- the preparation and content of the Independent auditor's report;
- the accounting policies adopted by Challenger in relation to the preparation of the financial statements; and
- the independence of the auditor in relation to the conduct of the audit.

Only shareholders (or their appointed proxies, attorneys or representatives) may ask questions in person or online.

ASKING QUESTIONS PRIOR TO THE AGM

Shareholders may provide written questions to Challenger or to the auditor (in relation to the content of the Independent auditor's report or the conduct of the audit of Challenger's financial report for the financial year ended 30 June 2024) in advance of the meeting. Please note that individual responses will not be sent to shareholders.

Shareholders can also submit questions in advance of the meeting when lodging a proxy appointment online prior to the meeting at:

 www.investorvote.com.au

To be considered in advance of the meeting, written questions must be received no later than 5.00pm (Sydney time) on Thursday, 17 October 2024.

ASKING QUESTIONS DURING THE AGM

If attending online, instructions on how to ask questions during the meeting are detailed in the Online Meeting Guide available on Challenger's website at:

 challenger.com.au/agm

If attending in person, the Chair of the meeting will outline the process during the meeting.

REGISTRATION AND VOTING

Registration will open at 8.30am (Sydney time) on the day of the meeting.

If you are attending the AGM in person and have a smartphone, please bring it with you in order to vote during the meeting.

If you do not have a smartphone, other options will be available for you to vote during the meeting.

To participate and vote in the AGM online, you can log on to the meeting from your computer or mobile device, by entering the following URL in your browser:

A live webcast of the meeting will be available on the Challenger website at challenger.com.au/agm from 9.30am (Sydney time) on Thursday, 24 October 2024.

The webcast will be recorded and made available to view after the meeting on Challenger's website at:

ALL RESOLUTIONS WILL BE BY POLL

A poll will be conducted on each of the resolutions set out in this Notice of Meeting.

TECHNICAL DIFFICULTIES

Technical difficulties may arise during the course of the AGM. The Chair of the meeting has discretion as to whether and how the meeting should proceed in the event that a technical difficulty arises. In exercising their discretion, the Chair of the meeting will have regard to the number of shareholders impacted and the extent to which participation in the business of the meeting is affected.

Where the Chair of the meeting considers it appropriate, they may continue to hold the meeting and transact business, including conducting a poll and voting in accordance with valid proxy instructions. For this reason, shareholders are encouraged to lodge a directed proxy in advance of the meeting in case they cannot vote on the day for any reason.

ALTERNATIVE ARRANGEMENTS

Shareholders should monitor the Company's website and ASX announcements where updates will be provided if it becomes necessary or appropriate to make alternative arrangements for the holding or conduct of the meeting.
